

January 4, 2021

Dear White Harvest Foundation Loyal Supporter:

Enclosed is our internal accounting report that shows the results of 2020. You can see upon review that we received \$88,034.08 in revenue and how you, our devoted donors designated it. In the Grants you can see that we gifted \$90,045 to the various areas of need and interest. As you study the report you will lastly notice that once again, we kept the expenses very low at 1.3% of revenue, meaning 98.7% of all revenue was used to fund the work God has called us to.

We are also pleased to report that the books Daniel and Esther were translated and published in Nepali, Elijah was translated and published in Tamil and Sinhala, Jonah was published in English and translated and published in Hindi, and the book of Job was translated and published in Tamil and Sinhala. Ponraj has been busy and we appreciate all his efforts to get this work completed in 2020 despite the COVID-19 outbreak. This work had all begun anticipating we would have traveled this past fall to Nepal and Sri Lanka to share the teachings from these books with Christians leaders.

Thank you for your support, your prayers, and your obedience to help take the word around the world.

With great appreciation and love,

David & Mary Ann
